

You Never Fail Me

You are patient You are kind
and never envy what is mine
You do not boast You have no pride
Never selfish never rude
You don't resent the things I do
You never give up on the truth

I keep believing, always hopeful, persevering, I trust in You

**You never fail me You'll never fade away
Never-ending truth I believe in You**

If I could speak like angels do
And understand the secret truths
I would still be nothing without You
If I could move mountains with my faith
If I gave all I have away
I would still be nothing if I didn't know You

I keep believing, always hopeful, persevering, I trust in You

**You never fail me You'll never fade away
Never-ending truth I believe in You**

You are Love, You are Love, You are Love
